Profile

Frontend Developer specializing in Angular framework with expertise in HTML, CSS, JavaScript, and TypeScript. Distinguished by exceptional design intuition and creative vision - able to conceptualize and build pixel-perfect, visually stunning interfaces entirely from scratch without requiring external design references or mockups.

Experience

Frontend Developer

Sept 2025 – Present

Adaplo

- Developing and maintaining responsive web applications using Angular framework
- Implementing modern UI/UX designs with TypeScript, HTML5, and CSS3
- Collaborating with cross-functional teams to deliver high-quality frontend solutions
- Writing clean, maintainable code following best practices and coding standards

Frontend Intern

June 2025 – July 2025

Saiket Systems [🔗](#)

- Completed a one-month frontend internship focused on real-world UI challenges
- Developed and delivered 6 diverse frontend tasks within set deadlines
- Applied HTML, CSS, and JavaScript skills to practical projects
- Demonstrated strong problem-solving abilities and attention to detail in responsive design implementation

Education

Faculty of Computers and Information, Zagazig University

2021 – 2025

Bachelor of Computer Science

- Fresh Graduate from Computer Science program
- Strong foundation in data structures and algorithms
- Comprehensive study of C++ and Object-Oriented Programming

Projects

Graduation Project: UI Generator (UI Evolution) - Grade: A+

[Demo] [🔗](#) [GitHub] [🔗](#)

- Developed complete frontend interface for AI-powered UI automation system using Angular, Bootstrap, and 3D JavaScript
- Implemented user authentication, responsive design, and dynamic visual components with enhanced user experience
- Led frontend architecture decisions and ensured seamless integration with backend AI services

E-Commerce (Nile-Mart) - Feb 2025

[Demo] [🔗](#) [GitHub] [🔗](#)

- Built a fully responsive Angular e-commerce web application
- Implemented using HTML5, CSS3, and TypeScript with LocalStorage for data persistence
- Features include user authentication, product management, shopping cart, and favorites
- Integrated search/filter functionality and profile management with modern design

Super-Mart (Supermarket System) - May 2025 – June 2025

[Demo] [🔗](#) [GitHub] [🔗](#)

- Built a responsive Angular supermarket website with TypeScript and LocalStorage
- Features user shopping interface and offers browsing functionality
- Complete supermarket system with full administrative controls

MSH Suits (Women's Suits E-Commerce) - Nov 2025

[Demo] [↗](#)

- Developed full-stack e-commerce platform with Angular 20 frontend and Node.js backend
- Implemented comprehensive admin dashboard for managing orders, products, and promo codes with complete CRUD operations
- Integrated JWT authentication, multi-language support (NGX-Translate), dark/light theme switching, and shopping cart with order management
- Built modern UI with custom CSS, RxJS state management, and optimized image handling

Courses & Certifications

Route Frontend Course

Sept 2024 – Feb 2025

Route Academy, Maadi, Egypt

- Comprehensive offline frontend development course
- Covered HTML, CSS, JavaScript, Bootstrap, jQuery, Tailwind, and Angular Framework
- Hands-on training with real-world projects and applications

Skills

Technical Skills: HTML, CSS, JavaScript, TypeScript, Angular, Node.js, C++, Bootstrap, Tailwind, SCSS, React, Nextjs, Supabase, Dom, Bom, jQuery, RxJS, NGX-Translate

Soft Skills: Leadership, Strategic Thinking, Organization, Collaboration, Negotiation, Ability to Learn

Languages: English, Arabic
